Long Hair Repair & Silk Effect

PROTECTIVE VOLUMISING & SOFTENING SHAMPOOS

Gentle micelle cleansing magnetically lifts dirt without harsh ingredients. Extensions attachments stay secure without slipping, extending their lifespan.

PROTECTIVE REPAIR MASK

High grade repair proteins boost hairs' tensile strength, shielding it from the stress of extensions. Hair is rebuilt stronger with a silky, soft touch.

WEIGHTLESS CONDITIONING OIL

Premium argan oil gives hair lustrous, weightless shine without causing extensions to become separated.

PROTECTIVE CONDITIONING FLUID

Nourishing leave-in softens and repairs dry ends for the ultimate silk effect.

GROWTH BOOSTER

Scalp serum boosts cell activity creating optimal hair growth whilst with extensions.

Beauté Gentle & Softening

SHAMPOO BEAUTÉ

Gentle, feather-light shampoo with coconut based surfactants. These natural ingredients gently remove dirt without degrading hair extension attachments. Hair is left airy and fresh, whilst extensions remain firmly intact.

CONDITIONNEUR DOUCEUR

Weightless softening conditioner infused with lipo amino acids which reverse structural damage. Mango-seed oil floods the hair shaft with intense shine and suppleness. Hair is left soft to the touch and ends naturally separate for beautiful, perfectly blended hair extensions.

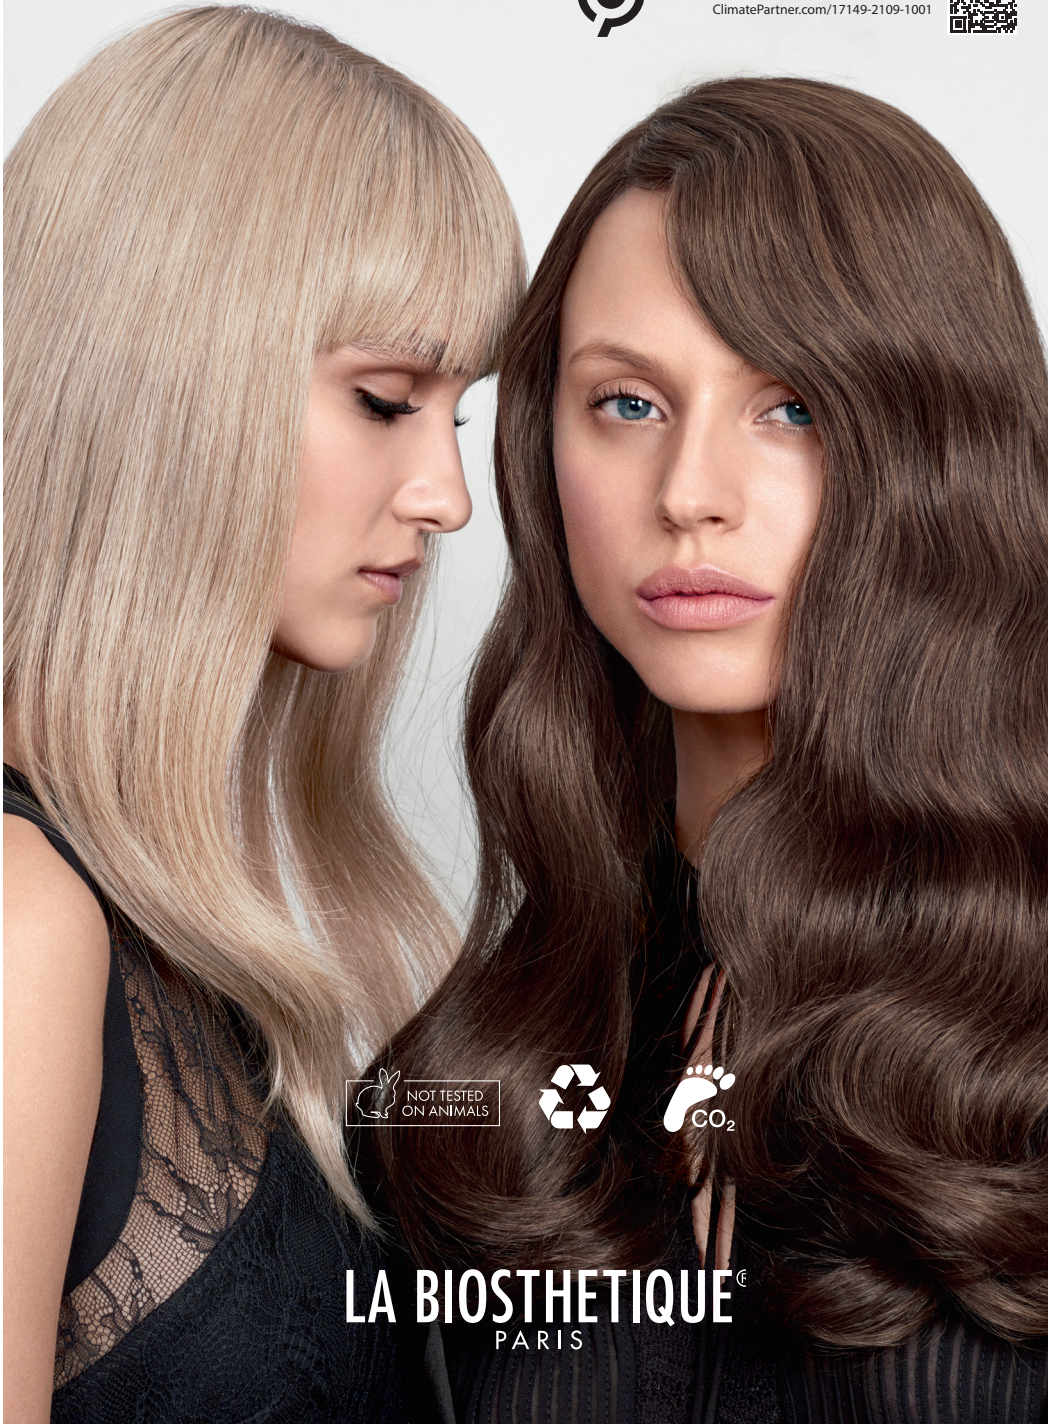

VEGAN

The Beauté range is 100% Vegan and an ideal regime for those who are hypo-allergenic.
